

# MASTER'S DEGREE PROGRAMME

## Geomatics in Nature Management

Co-funded by the  
Erasmus+ Programme  
of the European Union

Volga State University of Technology

# **MASTER'S DEGREE PROGRAMME**

## **Geomatics in Nature Management**

Volga State University of Technology  
Institute of Forest and Nature Management  
EU Jean Monnet Center of Excellence  
Master, 120 ECTS

The 2-year programme is designed to provide students with the opportunity to acquire advanced knowledge (skills) about the theory and application of modern remote sensing and spatial analysis technologies. GIS has proven to play a vital role in nature management, map production, sustainable forestry, recreation and many more.

### Career prospects:

Students completing the program can expect to be sufficiently prepared for an entry-level job in GIS and/or related geospatial industries in the public and private sector or pursue a PhD degree on the international level.
